

Rhode Island Vegan Awareness 2026-2027 Dining Guide

Rhode Island Vegan Awareness is a 501(c)(3) non-profit organization dedicated to advocating veganism for a more peaceful and just world for all life.

We actively work to inspire justice and true respect for other species and the earth. Our television PSA, bus advertisements, film screenings, Ask a Vegan tables, Pay-Per-View programs, library displays and more, have exposed compelling reasons to choose vegan. Featuring vegan cuisine at events helps people see how easy and delicious being vegan can be.

We actively work to educate the public with critical information. Since 2001, RIVA has reached thousands through outreach tables, workshops, guest speakers, and the distribution of free literature.

We actively work to support the local community. Our website, Facebook page, monthly meetings, annual events, fundraisers, and special events are all additional ways that RIVA creates a vegan friendly community.
